Article 1 The National Taipei University of Nursing and Health Sciences (hereinafter the “School”) has built a student complaint mechanism and established the Student Complaint Processing Rules (hereinafter these “Rules”) in accordance with Section 4, Article 33 of the University Act in order to protect the students interest in learning, living and being taught and to improve campus harmony.

Article 2 If any student, student body or other relevant student self-governing organization (hereinafter the “Complainant”) believes that any disciplinary sanctions, other measures or resolutions are illegal or inappropriate, causing damage to its right or interest, a complaint may be filed with the School in accordance with rules related to student complaint of the School.

Article 4 The Complaint Review Committee is composed as follows:

(3) Teacher representatives shall be recommended by each college or the center of general education, each division recommending at least 4 members. The selection of student representatives shall be subject to further rules to be established.

(4) Neither any member of the student reward and discipline committee or any person that determines or investigates student reward or discipline shall serve as a member of the Complaint Review Committee.
The chairman shall be elected from among the members.

Article 5  The Complainant shall be allowed to file no more than one complaint with the School for the same case.

Article 6  If the Complainant objects to any disciplinary sanction, other measure or resolution of the School, a complaint shall be filed with the Complaint Review Committee of the School in writing within 30 days from the day following the date on which the relevant disciplinary sanction, measure or resolution is received or accepted.

If the Complainant misses the complaint deadline under the previous paragraph due to natural disaster or other matter that is not attributable to the Complainant, it may submit the reasons in writing to the Complaint Review Committee of the School within 10 days from the disappearance of the reason for delay and files an application to request review. However, no request shall be made if the complaint deadline has expired for more than one year.

Article 7  In filing a complaint, the Complainant shall present a complaint form, provide substantial facts and attach relevant information.

Article 8  The Complaint Review Committee shall complete the review within 30 days from the day following the date on which the complaint form is received. The period may be extended as necessary and the Complainant shall be informed. There shall be no more than one extension and the extension shall not exceed the maximum of two months. However, if the complaint case involves suspension, expulsion or similar sanction, no extension shall be allowed.

If the Complaint Review Committee determines that the complaint form is not consistent with the rules, and if remedy is possible, it shall notify the Complainant to make remedy within seven days. The remedy period shall be deducted from the review period.

After the reason for stopping the review disappears, review shall continue upon written request by the Complainant. The Complainant shall be notified in writing. If all or part of the review decision by the Complaint Review Committee is dependent on whether the legal relationship is sustained under the petition or lawsuit, the Complaint Review Committee shall stop the review before the end of the petition or lawsuit procedure and inform the Complainant in writing. After the reason for stopping the review disappears, review shall continue, and the complainant shall be notified in written.

The previous two paragraphs shall not be applicable to any complaint case of suspension, expulsion or similar sanction.

Article 12  Review of complaint cases shall be private in principle.

In reviewing a complaint case, the Complainant, the former division’s representative and related persons may be invited to give statements or opinions in person.
